FOREIGN AND POLITICAL DEPARTMENT.

Rele, the 26th July 1915.

No. 1503-I-B.—In exercise of the powers conferred by section 94 of the Indian Christian Marriage Act, 1912 (XV of 1912), the Governor General in Council is pleased, as hereinafter appears, to make the following rules in regard to the supply of registers and forms to the licensed ministers and marriage registers in those territories:—

1.—The forms used by the licensed ministers and marriage registers shall correspond to those used in the Madras Presidency.

2.—The Superintendent of Districts, Madras, will supply registers and forms on applications made to him through the Registrar-General of Madras, District and Marriage, Madras. One full set of registers and forms will be supplied by the Superintendent of Districts to each minister licensed under section 8 and to each person licensed under section 9 to grant certificates of marriage between Native Christians and also to each marriage register. Additional registers and forms will be supplied to them by the Superintendent of Districts on payment. Marriage registers who are Government servants are exempt from any payment.

DEPARTMENT OF COMMERCE AND INDUSTRY.

PATENTS AND DESIGNS.

Rele, the 31st July 1915.

No. 15468-D.—The following draft of certain amendments to the Indian Patents and Designs Act, 1912, which it is proposed to make in exercise of the powers conferred by section 17 (1) of the Indian Patents and Designs Act, 1911 (XX of 1911), is published as required by section 77 (3) of the said Act for the information of all persons likely to be affected thereby, and notice is hereby given that the said draft will be taken into consideration on or after the 1st day of October 1915.

Any objection or suggestion, which may be received from any person with respect to the draft before the date specified, will be considered by the Governor General in Council.

Draft amendments.

(1) For clause (5) of rule 4 of the said rules the following shall be substituted:—

"(5) Fees may be paid in cash or by order, or may be sent by money order or postal order or cheque payable to the Controller at Calcutta. Cheques not carrying the correct address for communication, and other cheques on which the full value cannot be collected in cash, within the time allowed for payment of the fee, will only be accepted at the discretion of the Controller. Stamps will not be received in payment of fee."

(2) The following clause shall be added to rule 12 of the said rules:—

"(4) When a specification describes more than one invention, and it is considered by the Controller on the applicant that the application should be restricted to one invention, the applicant nevertheless may be made the subject matter of additional applications. Any such application, if made before the completion of the original application, shall, on the payment of the applicant, bear date of the original application and shall be proceeded with as an inventive application of that date."

(3) In Form 15 appended to the said rules the words "Two copies of the design are attached" shall be omitted.

(4) In Form 15 appended to the said rules the words "in British India" occurring after the words "Address for service" shall be omitted.

C. D. TODDINGTON,  
Acting Secretary to Government.

Received August 6, 1918.

As, set.—The following Press Communication of the Government of India is republished :—  
DEPARTMENT OF COMMERCE AND INDUSTRY.  
Dated, the 20th July 1916.

In view of the success which attended the Empire Exhibition of goods imported from Germany and Austria-Hungary, and of competing Indian manufacturers, recently held at Calcutta and certain other mineral centers, the Government of India have decided to establish a permanent Commercial Museum in India. The Museum will be located in Calcutta, and will be attached to, and form part of, the Department of Commercial Intelligence. The collection of samples and exhibits will naturally take time, and the development of the Museum must necessarily be gradual. It is intended that the Museum should contain samples of the principal manufactures imported into India from all foreign countries, with which there is any existing or prospective trade competition, and also representative samples of the corresponding Indian manufactures. It will also contain samples of goods marketed in foreign countries, which India might be in a position to supply. It is further intended to collect representative samples of raw materials imported from overseas to be re-exported in manufactured form, as also of raw materials which occur in India but are not at present worked, although products manufactured from similar materials are prepared in considerable quantities. The samples collected will be supplemented by catalogues and paper-foils, which will be kept continuously up to date; by painted statuettes, wherever possible, showing the extent of the various markets in India and abroad; and by other information, representative of the results of the trade. The Museum and address of the Museum will be in the Department of Commercial Intelligence and will be dealing in the various matters of trade and commerce. It is hoped that the Museum will be a valuable exhibit for the convenience of the Commercial Intelligence Department as a bureau of information and a means of bringing manufacturers and traders together, and that it will co-operate in the development of the national movement the country.

Following the selection of a permanent location, the Museum will be temporarily located in the Summers and Langley Department Building, No. 5, Corner Howe Street, and arrangements will be made to acquire the necessary equipment and facilities. All exhibits should be sent to the Director-General of the Smithsonian Institution at that address. The Director-General will welcome all suggestions from manufacturers for the inclusion of samples of their merchandise and all information which manufacturers or dealers may desire to communicate. It will be understood, however, that he will examine complete displays as to the material which he decides should be exhibited. No heavy or bulky articles will, for the present, be exhibited.

A. BUTLERWORTH,  
Chief Secretary.

SPECIAL SCHOLARSHIPS FOR MUHAMMADANS—1918-19.

With a view to improve Mohammedan education in this Presidency, eight special scholarships commencing from the first form and continuing throughout the whole of the secondary course will be awarded every year in secondary schools. They will be available to pupils belonging to the following classes of the Mohammedan community of this Presidency—Mappilas, Lakhari, Dakhilabas and Jungans. They will be of the same value as the scholarships that are now awarded under the Government Scholarship Regulations, 1915-16, to pupils in secondary schools (viz. Rs. 2 per session in Forms I to III and Rs. 3 per session in Forms IV to VI) and will be held under similar conditions. Of these eight scholarships, three will be placed at the disposal of the Inspector of Schools, VIII Circle, and one at the disposal of each of the Inspectors of the III, V, VI, VII and IX Circles for award as their discretion, subject to the conditions laid down in the Government Scholarship Regulations of 1915-16, dated 26th June 1915, and published in the *Port St. George Gazette*, dated 26th July 1915. During the current year scholarships may be awarded—one in each of the forms I to VI in the III, V, VI, VII and IX Circles and three in each of the forms I to VI in the VIII Circle, provided suitable candidates apply for them, and if awarded they may be renewed from year to year until a recipient has finished his school career. In subsequent years they will be awarded only in the first form.

2. In addition to the above, four special collegiate scholarships tenable by all classes of Mohammedans commencing from the Junior Intermediate class and continuing throughout the whole of the Intermediate and B.A. course will be awarded every year in colleges. The value of each of these scholarships will be Rs. 2 per session in the Intermediate classes and Rs. 14 per session in the B.A. classes.

An additional scholarship tenable in the Honours class (i.e. the fifth year class of the University course) will also be awarded at Rs. 14 per session. The award of these scholarships will be governed by the rules regarding the award of Government collegiate scholarships already published in the *Port St. George Gazette*, dated 26th July 1915. They will be awarded during 1918-19.

Applications for any of the above scholarships should be made in the form already prescribed therefor and submitted to the Director of Public Instruction in the case of scholarships tenable in college classes and to the Inspector in the case of scholarships tenable in secondary schools.

5. Consider the following applications of the law of conservation of energy. In each case, identify the energy transformations that take place. (a) A car starts from rest and accelerates to a speed of 60 km/h. (b) A ball is thrown upwards and reaches a maximum height of 10 m. (c) A person jumps from a height of 1 m and lands on the ground.

\* Candidates preparing for College-Bearing (Elementary grade) should state in their applications whether they desire to be assigned to the Junior or to the Elementary level.

examination for which he appears and the centre at which he appears, and must be certified to be his own completed work by the head of the institution or office in which he belongs, by an officer of the Public Works Department not below the rank of Superintendent, by a District Road Engineer, by the Engineer of the Corporation of Madras, or by an Engineer of any Railway Company.

Candidates are specially warned that no certified works will be received by examinees within the confidence of examination in any subsidiary, and especially clearly the period of time assigned to the examinee of each work and unless the examinee is satisfied as to the ability and qualifications of the person granting the certificate. Further, if any suspicious stratagem is used in writing or in submitting the work by pupils from Technical Schools the Government will be compelled to recommend to the authority concerned the withdrawal of the departmental privilege enjoyed by the schools. Private candidates, whose completed works are in any way suggested by the examinees, will be liable to have their certificates forfeited, and also to be debarred from appearing for any of the examinations under the sanction of the Commissioner for next term of years as the Commissioner may think fit.

It must be particularly noted that the drawings, etc., of each candidate should be submitted in a separate roll for each subject and for each grade (i.e., the drawings, etc., for a number of subjects should not be rolled up together), and that the drawings, etc., of a number of candidates should not be put in one and the same roll. Also, on the outside of each roll for each subject, each candidate should enter the following particulars in ink:—

- |                           |  |
|---------------------------|--|
| (1) Name of candidate,    | (4) Grade, and                             |
| (2) Place of examination, | (5) Total number of drawings in each roll. |
| (3) Subject,              |  |

As the application has to be kept in the office and as the drawings, etc., have to be forwarded to the examinee, the application itself should be sent in a separate cover and not rolled up with the drawings, etc.

A candidate who failed, or having applied, did not appear, at a previous examination, must submit fresh drawings, etc. The drawings, etc., submitted will be so marked as to be returned.

10. Candidates must send in their applications made out in English or printed forms as first they send the Commissioner's office on or before the last day of the month of September and be received. Only one form of application should be used by each candidate, although he may bring up several subjects and come up for different grades.

11. Candidates in the Indian subcontinent should submit the required application forms from the treasury of the district in which they are resident or of the district to which they belong. Candidates in the Madras States of Mysore, Travancore and Cochin should submit them from the Honorable the Residents' Treasury. Candidates who are residents of Madras should apply for application forms at the office of the Commissioner for Government Examinations, Old College, Nungambakam, and not to the Collector of Madras.

12. No entry will be taken of any application from candidates in the Indian subcontinent to be supplied with application forms from the office.

13. The following is the scale of fees to be paid by candidates for admission to the examinations:—

For each subject .. .. .	Examinatory .. .. .			Intermittent .. .. .		Advanced .. .. .	
	Rs.	S.	P.	Rs.	S.	Rs.	P.
	..	..	..	..	..	..	..
	..	..	..	..	..	..	..
	..	..	..	..	..	..	..

14. No candidate will be permitted to come up for examination in more than one grade in the same subject at the same time.

15. The prescribed fee must be paid in every case into a Government Treasury, or, if at Madras, into the Bank of Madras, and the receipt given by the Treasury Officer or the Bank of Madras, attached to the application, which must in every case reach the Commissioner's office on or before the last August. On or before the last day of the month of September the Commissioner's office will send to each of the District Offices under the application will be registered unless it reaches the Commissioner's office, by the date prescribed.

Note.—At Madras, in the case of all pupils, the fee should be submitted by the Candidate and sent in a separate envelope to the Bank of Madras together with two sets of the papers, one of which will be returned by the Bank and the other kept and returned to the Commissioner. The latter fee will be forwarded to the office along with the application of the candidate. The necessary forms for this purpose will be supplied by this office to the examinees on application.

16. Each application should be sent direct to the undersigned, post paid, superimposed and addressed as follows, the receipt for the fee paid being sent by the examinee to the office.

17. Candidates are warned that the application itself should not be enclosed with any drawings, plans, surveys, field books, estimates, or other "outletted" work that may be sent, but should be submitted in a separate cover.

[Application for admission to the Government Technical Examinations.]

To

The Secretary to the Commissioner

for Government Examinations,

Nungambakam, Madras, S. W.

18. Candidates are warned to submit themselves to the examination that their applications have been received should submit an address post card to their respective applications. The post card should bear the number of the address only and no other writing. Such post cards will be returned to them in due season with the "Received" stamp of the office in receipt of them. No other form of acknowledgment except that required by the postal rules regarding registered covers can possibly be given as well as any notice be taken of any letter from any candidate inquiring whether his application has been received. Incompletely stamped covers will be rejected.

30. Candidates should write their names, their father's names and their home names distinctly and in full on these applications and give their addresses in full also; if "Other Blacks", they should give in column 2 of their applications whether they are "Non-Ethnic, Caste, Rindia" or "Indians". Applications which are irregular or defective in any particular will not be taken notice of.

31. Dates.—The occupation, or profession of candidates, or the appointments held by them should invariably be stated—in full—in column 10 of their applications.

32. The fee paid will, in no case whatever, be refunded, nor will it be returned for a subsequent examination. Neither will any prize for skill or any honor be retroactively paid to successful candidates. Candidates are required to study the examination carefully and satisfy themselves, before sending their fee, that they fulfil the prescribed conditions of the exam. It is the responsibility of the candidates that they pay, if necessary, present, at their own expense, beyond the limits of the examination centre related by them, for the purpose of satisfying the written or the Oral and Practical examinations.

33. Candidates for the Intermediate or Advanced examinations whose names have already been published in the Gazette as having passed a particular stage or stages in subjects in which the examination is divided into stages, or as having passed the Intermediate (also Elementary) when the examination is of two grades—Intermediate and Advanced—must in their applications also state date and page of the Gazette in which their names appear and their number in the list of successful candidates.

34. The examinations in the subjects under "Drawing, etc.," will be conducted in the order of (a) and subjects set forth in the following table. Candidates will not be allowed to come up to write the rest of the subjects included together for the same time on the same day in the table below, or for more than one period of examination in the same subject in the same year.

The Standard Barometer and Thermometers are read at 5 a.m., 10 a.m., 4 p.m., and 8 p.m., and the daily means are obtained by the application of hourly corrections, deduced from twenty years' observations. The column of the barometer is twenty-four feet above the level of the sea, and the column of the rain gauge is two feet from the ground. The wind, rain and general weather registered are for the current Civil Day—from midnight to midnight.

The total quantity of rain collected since January 1st, 1878, is 2826 inches, the average for the same period being 1144 inches.
